EXPLL EXP-CV50Q

COVERT VEST

The EXP-CV50Q Covert Vest is the perfect choice for those looking for a comfortable, flexible, and adjustable body Armour. Developed using smart fabrics, the vest is lightweight yet durable and is designed to provide a snug fit.

The EXP-CV50Q features adjustable straps that can be used to customize the fit for maximum comfort and performance. It also has reinforced pockets that allow you to carry your Armour panels safely and securely. The vest is Standard 100 certified, meaning it is tested for safety and performance in even the harshest of conditions.

The EXP-CV50Q Covert Vest is perfect for law enforcement, security, and military personnel who need a comfortable and adjustable body Armour. The adjustable straps and reinforced pockets provide a snug fit and the smart fabrics make it durable enough to withstand any mission.
