DOLPHIN METAL DETECTORS

SERIES OF METAL DETECTORS "DOLPHIN"

The DOLPHIN series of metal detectors is the latest equipment of the ExPII-Engineering company which meets the most stringent modern requirements for inspection equipment, contributes to the reliable organization of security systems at various facilities with a high degree of security and in places with large crowds of people to counter possible terrorist threats.

Metal detectors of the DOLPHIN series are designed to detect firearms, cold steel, pneumatic and throwing weapons moving through the control zone arch, as well as portable explosive devices in a metal casing with damaging internal metal elements, including material assets made of magnetic and non-magnetic material, are high-quality and reliable products, have excellent performance characteristics, combining modern design, relative lightness, ergonomics and strength - increased thickness of laminated MDF panels, high-strength plastic, special double-sided waterproof coating, aluminum protective structures and fastenings, allows operation metal detectors in almost any room, even outdoors without direct exposure to precipitation and high humidity.

A number of products from the DOLPHIN series have a degree of protection IP 65, the design is made of high-strength plastic which is adapted for operation in open spaces -20 - +60 °C. The DOLPHIN series of metal detectors is equipped with relay outputs. They allow you to integrate devices into an access control system (gateway booths, turnstiles, automatic doors, etc.)

The number of detection zones can range from 1 to 93, which allows you to more accurately determine the position of one or more metal objects on a person's body or in his clothing and indicate its location with a light alarm located on the antenna panels and on the control unit. Thanks to this, we reduce inspection time, increasing efficiency and accuracy.

CHARACTERISTICS

Sound indication

Parallel use

Switching the number of zones

LED indication

Connecting to computer

Remote Control

Increased noise immunity

Dry contacts

High degree of dust and moisture protection

CHECKPOINT "DOLPHIN" EXP-900 (9/6/3)

Detection zones: 9
Dimensions: 2204x910x419 mm
Passage dimensions: 2010x760 mm
Weight: 28.7 kg
Performance: 60 people/min
Voltage: 110-240V/50Hz

CHECKPOINT "DOLPHIN" EXPT-900 (9/6/3)

Detection zones: 9
Dimensions: 2204x910x419 mm
Passage dimensions: 2010x760 mm
Weight: 28.7 kg
Performance: 60 people/min
Voltage: 110-240V/50Hz

CHECKPOINT "DOLPHIN" EXP-1800 (18/12/6)

Detection zones: 18
Dimensions: 2204x910x479 mm
Passage dimensions: 1990x760 mm
Weight: 35.7 kg
Capacity: 60 people/min
Voltage: 110-240V/50Hz

CHECKPOINT "DOLPHIN" EXPT-1800 (18/12/6) IP65

Detection zones: 18
Dimensions: 2204x910x479 mm
Passage dimensions: 2010x760 mm
Weight: 36.16 kg
Capacity: 60 people/min
Voltage: 110-240V/50Hz

CHECKPOINT "DOLPHIN" EXP-3000 (33/22/11)

Detection zones: 33
Dimensions: 2204x910x579 mm
Passage dimensions: 2010x760 mm
Weight: 47 kg
Capacity: 60 people/min
Voltage: 110-240V/50Hz

CHECKPOINT "DOLPHIN" EXPT-3000 (33/22/11)

Detection zones: 33
Dimensions: 2204x910x579 mm
Passage dimensions: 2010x760 mm
Weight: 47 kg
Capacity: 60 people/min
Voltage: 110-240V/50Hz

CHECKPOINT "DOLPHIN" EXP-6000

Detection zones: 6
Dimensions: 2218.48x713.50 mm
Weight: 23 kg
Capacity: 62 people/min
Voltage: 110-240 V/50Hz

CHECKPOINT "DOLPHIN" EXP-4800 (48/32/16)

Detection zones: 48
Dimensions: 2204x910x629mm
Passage dimensions: 2010x760mm
Weight: 69kg
Capacity: 60people/min
Voltage: 110-240V/50Hz

CHECKPOINT "DOLPHIN" EXPT-4800 (48/32/16)

Detection zones: 48
Dimensions: 2204x910x629mm
Passage dimensions: 2010x760mm
Weight: 69kg
Capacity: 60people/min
Voltage: 110-240V/50Hz

CHECKPOINT "DOLPHIN" EXP-6300 (63/42/21)

Detection zones: 63
Dimensions: 2204x910x629mm
Passage dimensions: 2010x760mm
Weight: 69kg
Capacity: 60people/min
Voltage: 110-240V/50Hz

CHECKPOINT "DOLPHIN" EXPT-6300 (63/42/21)

Detection zones: 63
Dimensions: 2204x910x629mm
Passage dimensions: 2010x760mm
Weight: 69kg
Capacity: 60people/min
Voltage: 110-240V/50Hz

CHECKPOINT "DOLPHIN" EXP-9300 (93/62/31)

Detection zones: 93
Dimensions: 2204x910x629mm
Passage dimensions: 2010x760mm
Weight: 69kg
Capacity: 60people/min
Voltage: 110-240V/50Hz
